

## Azure Training Courses

Train with New Horizons Ireland and avail of our weekly Azure training courses in our Dublin Office. Our Mentored Learning classroom gives you the option to drop in and out whenever suits your schedule and receive one on one tuition from our experienced and certified trainers.

### About Menotored Learning

As you progress and learn, a professional New Horizons instructor is at your side to answer questions, provide tailored instruction, or coach you through the course work that you can schedule around your day. This personal, hands-on approach will give you a stimulating, unique, and effective learning environment. Our Mentored Learning certified instructors are available to answer questions and ensure you comprehend the course material and you can schedule your mentoring to fit your schedule. Schedule time with a mentor anytime during the two hour blocks.

### Traditional Classroom Training

We also offer traintional classroom training in our Dublin 1 classrooms for the more popular Azure courses. Check our website for the latest dates.
